SUBMISSION OF COMPLAINT FILED IN STATE COURT

Commissioner for Patents P.O. Box 1450 Alexandria, VA 22313-1450

Sir:

Edward J. McCrink and Davor Raos are identified as the inventor's of the above-identified Patent Application.

At all relevant times, both inventor's McCrink and Raos were employees of the company KVA, Inc. during development of the above-identified Application. Mr. McCrink has assigned any and all rights to the invention to KVA, Inc. Meanwhile, even though all involvement by Mr. Raos in connection with the present invention was in the course of his employment, Mr. Raos has refused to assign the Patent Application to KVA, Inc. Accordingly, KVA, Inc. has initiated a lawsuit in the Superior Court in San Diego, California in an effort to force Mr. Raos' assignment of the pending Application to KVA, Inc. A copy of the Complaint is attached herewith.

It is hoped that this matter can be resolved quickly. However, in the meantime, the Examiner is hereby informed of this lawsuit in order to insure that Mr. Raos does not take any action which would be detrimental to the prosecution of the present application or detrimental to KVA, Inc.

Respectfully submitted,

David G. Duckworth

Attorneys for Plaintiff KVA, INC.

SUPERIOR COURT OF CALIFORNIA

COUNTY OF SAN DIEGO, NORTH COUNTY DIVISION, VISTA REGIONAL

KVA, INC., a Nevada corporation,	Case No.: GIN 0 4 5 UUU
Plaintiffs, vs.) COMPLAINT FOR DECLARATORY AND INJUNCTIVE RELIEF
DAVOR RAOS, an individual; and DOES 1 through 50 inclusive,)))
Defendants.)))

For causes of action against Defendant Davor Raos, an individual ("RAOS"), and DOES 1 through 50, inclusive (collectively "Defendants"), Plaintiff KVA, Inc. ("KVA") alleges as follows:

- 1. Plaintiff KVA is a Nevada corporation and is authorized to do business in the State of California, with its principal place of business in the City of Rancho Santa Fe, County of San Diego, California.
 - 2. KVA is informed and believes, and based thereon alleges, that RAOS is an

individual, and at all times mentioned herein, was an individual and resident of the City of Vista, County of San Diego, California.

- 3. The true names and capacities, whether individual, corporate, associate, or otherwise of the Defendants named herein as DOES 1 through 50, inclusive, are unknown to KVA and KVA therefore sues such Defendants by such fictitious names. KVA will amend this Complaint to show the true and capacities when the same have been ascertained. KVA is informed and believes, and based thereon alleges, that each of the Defendants designated as a DOE is responsible in some manner for the acts alleged herein and thereby approximately caused injuries and damages to KVA as herein alleged.
- 4. KVA is informed and believes, and based thereon alleges, that, at all times mentioned herein, each of the Defendants were, and now are, the agent, servant, employee, representative, and alter ego of each of the remaining Defendants, and in doing the things hereinafter alleged were acting within the scope of its or his authority of such agent, servant, employee, representative, and alter ego with permission and consent of the remaining Defendants.

FIRST CAUSE OF ACTION

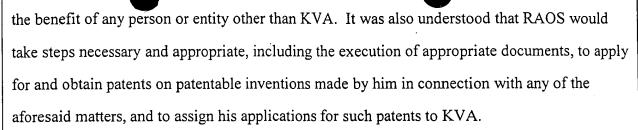

(For Declaratory Relief)

(Against All Defendants)

- 5. KVA realleges and incorporates by reference the allegations of paragraphs 1 through 4 above as if fully set forth herein.
- 6. KVA was formed in 1991 by Edward McCrink ("McCrink"), a resident of the County of San Diego. McCrink has been President of KVA since its formation. McCrink has for many years been in the business of the manufacture and sale of steel and steel products. KVA was formed by McCrink to conceive, develop, perfect and sell inventions in the field of steel-related products. Since at least 1994, based on McCrink's concepts, KVA has been developing and perfecting welding processes for certain types of steel where no such welding process existed. KVA has further developed and perfected processes for the application of steel. KVA has expended large sums of money in developing and perfecting the welding and

application processes. The welding and application processes developed and perfected by KVA will permit the welding of, and use of, certain types of steel for many industries where such steel could not otherwise be used. The welding and application processes are generally described as follows: (1) Seam Welded Air Hardenable Steel Tubing (the current subject of United States Patent Application No. 10/519,910); (2) Dual Seam-Welded Air Hardenable Steel Tubing and Structural Members; and (3) Skinned Structures of Air Hardenable Steel (the current subject of United States Patent Application No. 10/521,426) (collectively, the "Inventions"). McCrink has assigned his personal rights to the Inventions to KVA.

- 7. In or about 1994, KVA and RAOS entered into an oral contract of employment by which KVA agreed to employ RAOS for work to be performed at KVA's research facility located in San Diego, California for an indefinite term, with RAOS to be paid for his time as his needs arose, and with KVA to reimburse RAOS for any expenses necessarily incurred. RAOS' duties were, among other things, to design, supervise and test products to be sold by KVA, to work with suppliers, and to work with KVA's patent attorneys to secure proper protection for KVA's rights in the Inventions, including developments and designs made by RAOS in the scope of his employment. RAOS' employment with KVA was not limited to specific hours of work, and he was expected to and did do work for KVA in the evening and on weekends, both at and away from KVA's premises. Since 1994, and until the filing of this Complaint, RAOS has been employed by KVA and performed the aforementioned duties.
- 8. Prior to his contract of employment with KVA, RAOS did not know any of the trade secrets of McCrink and KVA, and implied conditions of his employment were that (i) RAOS would not use information so gained for his own use or benefit during or after employment; (ii) all Inventions belonged to KVA; (iii) any and all patents and applications with reference to such Inventions belonged to KVA; (iv) any and all new products related to the steel application and processes that might be conceived or designed by RAOS during the period of his employment with KVA (including all notes, drawings or specifications of or relating to the same) should be fully disclosed by RAOS to KVA and should belong to, and become the property of, KVA; and (v) RAOS should not at any time use the same for his own benefit or for

- 9. The implied conditions of RAOS' employment with KVA as aforesaid applied to work done by him at his home in the evening hours, and on weekends, holidays and vacations.
- 10. During the time and scope of RAOS' employment with KVA, the Inventions were developed and perfected, and the aforementioned patent applications for the Inventions were filed by patent attorneys ultimately paid for by KVA. However, RAOS caused the patent applications for the Inventions to be filed so that RAOS, and not KVA, is identified as either an owner or the co-owner of each of the Inventions and patent applications.
- 11. KVA is informed and believes, and on that basis alleges, that RAOS refused, and continues to refuse, to execute assignments of the patent applications for the Inventions to KVA.
- 12. An actual controversy has arisen and now exists between KVA and Defendants with respect to the ownership of the Inventions and corresponding patent applications. KVA contends that it is the exclusive rightful owner of the Inventions and corresponding patent applications, and that Defendants have no ownership interest in the Inventions or patent applications. KVA is informed and believes, and based thereon alleges, that Defendants contend that they are either the owner or co-owners of the Inventions and corresponding patent applications and patents, if and when issued.
- 13. As long as Defendants assert an ownership interest in the Inventions and corresponding patent applications, KVA is unable to market, sell or license the Inventions.
- 14. KVA requests a judicial determination as to the rights and obligations of the parties and, specifically, a judicial determination that KVA is the exclusive owner of the Inventions and the corresponding patent applications and patents, if and when issued.

| | ///

SECOND CAUSE OF ACTION

(For Injunctive Relief)

(Against All Defendants)

- 15. KVA realleges and incorporates by reference the allegations of paragraphs 1 through 14 above as if fully set forth herein.
- assignment of Defendants' claimed interest in the Inventions, related patent applications, and any resulting issued patents. RAOS, however, has failed and refused, and continues to fail and refuse, to assign the patent applications pertaining to the Inventions to KVA. The wrongful conduct of Defendants as described above, unless enjoined by this Court, will cause great and irreparable damage and harm to KVA. KVA has no adequate remedy at law for the injuries and damages KVA has suffered, and will continue to suffer in the future, unless Defendants are enjoined.
- 17. KVA requests that this Court issue a mandatory injunction that Defendants must execute a written assignment assigning all rights and interest in the Inventions, corresponding patent applications, and any resulting patent issued to KVA.
- 18. KVA requests that this Court issue a mandatory injunction that Defendants must assist KVA in obtaining patents on any patentable invention.

THIRD CAUSE OF ACTION

(For Declaratory Relief)

(Against All Defendants)

- 19. KVA realleges and incorporates by reference the allegations of paragraphs 1 through 18 above as if fully set forth herein.
- 20. KVA is informed and believes, and based thereon alleges, that RAOS contends that an oral agreement exists between RAOS and KVA (by McCrink) that RAOS would receive an ownership interest in KVA as a result of RAOS' contract of employment with KVA. KVA does not have knowledge as to RAOS' contention as to the extent of his claimed interest or claimed right to an interest in KVA.

21. An actual controversy now exists between KVA and Defendants as to the
existence of any agreement between Defendants and KVA for Defendants' for Defendants'
acquiring an interest in KVA, and the terms of that agreement. KVA contends that, to the extent
there were any discussions between McCrink and RAOS about RAOS acquiring an interest in
KVA in the future, there was no agreement reached, there was no meeting of the minds, and
there were no terms discussed or agreed upon such that a Court in law or equity could enforce
the alleged agreement. KVA is informed and believes, and based thereon alleges, that RAOS
contends that he has an enforceable agreement with KVA for an ownership interest in KVA,
although KVA has no knowledge of RAOS' contentions about the terms of the alleged
agreement.

22. KVA requests a judicial determination as to the rights and obligations of the parties as to the alleged agreement and, specifically, a judicial determination that Defendants have no interest in KVA and no enforceable agreement to acquire an interest in KVA.

WHEREFORE, KVA prays for judgment against Defendants, and each of them, as follows:

ON THE FIRST CAUSE OF ACTION

1. For a judicial determination as to the rights and obligations of the parties and, specifically, a judicial determination that KVA is the exclusive owner of the Inventions and the corresponding patent applications, and patents if and when issued;

ON THE SECOND CAUSE OF ACTION

- For a mandatory injunction that Defendants must execute a written assignment assigning all rights and interest in the Inventions, corresponding patent applications, and any resulting patent issued to KVA;
- 3. For a mandatory injunction that Defendants must assist KVA in obtaining patents on any patentable invention;

ON THE THIRD CAUSE OF ACTION

4. For a judicial determination as to the rights and obligations of the parties

You are required to serve a copy of this Notice to Litigants/ADR Information Package and a copy of the blank Stipulation to Use of Alternate Dispute Resolution Process (received from the Civil Business Office at the time of filing) with a copy of the Summons and Complaint on all defendants in accordance with San Diego Superior Court Rule 2.5, Division II and CRC Rule 201.9.

ADR POLICY

It is the policy of the San Diego Superior Court to strongly support the use of Alternative Dispute Resolution ("ADR") in all general civil cases. The court has long recognized the value of early case management intervention and the use of alternative dispute resolution options for amenable and eligible cases. The use of ADR will be discussed at all Case Management Conferences. It is the court's expectation that litigants will utilize some form of ADR – i.e. the court's mediation or arbitration programs or other available private ADR options as a mechanism for case settlement before trial.

ADR OPTIONS

1) CIVIL MEDIATION PROGRAM: The San Diego Superior Court has established a Civil Mediation Program to replace the Mediation Pilot Program established by Code of Civil procedure sections 1730 et seq. The Civil Mediation Program, in effect for cases filed on or after May 1, 2003 or upon stipulation, is designed to assist parties with the early resolution of their dispute. All general civil independent calendar cases, including construction defect, complex and eminent domain cases are eligible to participate in the program. Limited civil collection cases are not eligible at this time. San Diego Superior Court Local Rule 2.31, Division II addresses this program specifically. Mediation is a non-binding process in which a trained mediator 1) facilitates communication between disputants, and 2) assists parties in reaching a mutually acceptable resolution of all or part of their dispute. In this process, the mediator carefully explores not only the relevant evidence and law, but also the parties' underlying interests, needs and priorities. The mediator is not the decision-maker and will not resolve the dispute — the parties do. Mediation is a flexible, informal and confidential process that is less stressful than a formalized trial. It can also save time and money, allow for greater client participation and allow for more flexibility in creating a resolution.

Assignment to Mediation, Cost and Timelines: Parties may stipulate to mediation at any time up to the CMC or may stipulate to mediation at the CMC. Mediator fees and expenses are split equally by the parties, unless otherwise agreed. Mediators on the court's approved panel have agreed to the court's payment schedule for court-referred mediation: \$150.00 per hour for each of the first two hours and their individual rate per hour thereafter. Parties may select any mediator, however, the court maintains a panel of court-approved mediators who have satisfied panel requirements and who must adhere to ethical standards. All court-approved mediator fees and other policies are listed in the Mediator Directory at each court location to assist parties with selection. Discovery: Parties do not need to conduct full discovery in the case before mediation is considered, utilized or referred. Attendance at Mediation: Trial counsel, parties and all persons with full authority to settle the case must personally attend the mediation, unless excused by the court for good cause.

2) JUDICIAL ARBITRATION: Judicial Arbitration is a binding or non-binding process where an arbitrator applies the law to the facts of the case and issues an award. The goal of judicial arbitration is to provide parties with an adjudication that is earlier, faster, less formal and less expensive than trial. The arbitrator's award may either become the judgment in the case if all parties accept or if no trial de novo is requested within the required time. Either party may reject the award and request a trial de novo before the assigned judge if the arbitration was non-binding. If a trial de novo is requested, the trial will usually be scheduled within a year of the filing date.

Assignment to Arbitration, Cost and Timelines: Parties may stipulate to binding or non-binding judicial arbitration or the judge may order the matter to arbitration at the case management conference, held approximately 150 days after filing, if a case is valued at under \$50,000 and is "at issue". The court maintains a panel of approved judicial arbitrators who have practiced law for a minimum of five years and who have a certain amount of trial and/or arbitration experience. In addition, if parties select an arbitrator from the court's panel, the court will pay the arbitrator's fees. Superior Court Local Rules Division II Chapter III and Code of Civil Procedure 1141 et seq. address this program specifically.

- 3) SETTLEMENT CONFERENCES: The goal of a settlement conference is to assist the parties in their efforts to negotiate a settlement of all or part of the dispute. Parties may, at any time, request a settlement conference before the judge assigned to their case; request another assigned judge or a pro tem to act as settlement officer; or may privately utilize the services of a retired judge. The court may also order a case to a mandatory settlement conference prior to trial before the court's assigned Settlement Conference judge.
- 4) OTHER VOLUNTARY ADR: Parties may voluntarily stipulate to private ADR options outside the court system including private binding arbitration, private early neutral evaluation or private judging at any time by completing the "Stipulation to Use Alternative Dispute Resolution Process" which is included in this ADR Package. Parties may also utilize mediation services offered by programs that are partially funded by the county's Dispute Resolution Programs Act. These services are available at no cost or on a sliding scale based on need. For a list of approved DRPA providers, please contact the County's DRPA program office at (619) 338-2797.

ADDITIONAL ADR INFORMATION: For more information about the Civil Mediation Program, please contact the Civil Mediation Department at (619) 515-8908. For more information about the Judicial Arbitration Program, please contact the Arbitration Office at (619) 531-3818. For more information about Settlement Conferences, please contact the Independent Calendar department to which your case is assigned. Please note that staff can only discuss ADR options and cannot give legal advice.
